# A brief history

Awasi Mendoza is the first lodge of its kind in South America, conceived as a tribute to Mendoza's rich winemaking tradition. As the newest addition to the Awasi Lodges Group and a proud member of Relais & Châteaux, it was named Argentina's #1 resort and #3 resort in South America by Travel + Leisure magazine in 2025.

The lodge was developed with the pioneering concept of fully integrating luxury hospitality with authentic wine experiences, creating a unique destination that celebrates Argentine wine culture in an environment of sophistication and natural elegance.

The background image is a full-page photograph. It shows a balcony in the foreground with a black metal railing and white pillars. On the balcony, there are several small tables and chairs. A paved path leads from the balcony, through a lush vineyard with green leaves, towards a range of mountains in the distance. The mountains have patches of snow. The sky is a clear, pale blue. The overall lighting is soft, suggesting late afternoon or early morning.
